IMPORTANT TO PROPERTY OWNERS,
YOUR ATTENTION IS CALLED TO THE
Streathment Asphalt as a material for
sidewalks, a block of which is laid on State
street, in front of Geo. A. Lowe's implement
warehouse. We claim for this material that it
is clastic and will adapt itself to the extremes
of temperature that we have in this climate,
that it will not crack, or chip under the influence of fress, nor will it soften under the heat
of summer. We use no cement at all in our
sidewalks, but make our concrete with asphalt,
so that when the walk is finished it is one solid
mass from top to bottom. We guarantee all of
our work for a period of five years, it is easy
on the eyes and feet, and will last a lifetime.

Do not confound this material with the tar
walks. IMPORTANT TO PROPERTY OWNERS,

SALT LAKE STRADAMANT ASPHALT CO.
